

With the exclusivity and uniqueness of being an owner in The Estates, is there also a way I can utilize all of the Country Club benefits that Forest Highlands has to offer?

Yes, you can have the Best of Both Worlds! As an owner in The Estates community you would have the benefits of owning a unique 10-acre luxury home site with its tall pines, cool climate, scenic beauty and serenity.

As an owner in The Estates you can also obtain all the country club benefits of Forest Highlands through the purchase of a “Special Membership” to Forest Highlands. The Forest Highlands “Special Membership” would allow you access and use of all the facilities and activities including golf on the two 18-hole championship golf courses, swimming pools, tennis facilities and dining in their two premier clubhouses.

The Forest Highlands “Special Membership” currently cost \$50,000 and the monthly dues are \$900. To learn more about Forest Highlands please visit their website: [FHGC.com](http://FHGC.com).
